**PFENNINGERxORTNER** are a downtempo & electronica live duo from zürich, switzerland. their musical careers each span over 20 years with both individuals holding an extensive experience in recording, production, mixing and djing.

jan and philipp are combining their creativity, passion and shared influences to becoming a multi-faceted live act. the roots of their project is based on original club-orientated house & techno, electronica and trip hop. these sounds are influencing their original productions and live sets.
